ROOM
SOLUTION

Experience your patient room solution.

BUILD BETTER HEADWALLS

ForWard Headwall System® provides unmatched design flexibility, takes 1/4 of the traditional headwall installation time, and is fully customizable to meet the needs of your staff and patients.

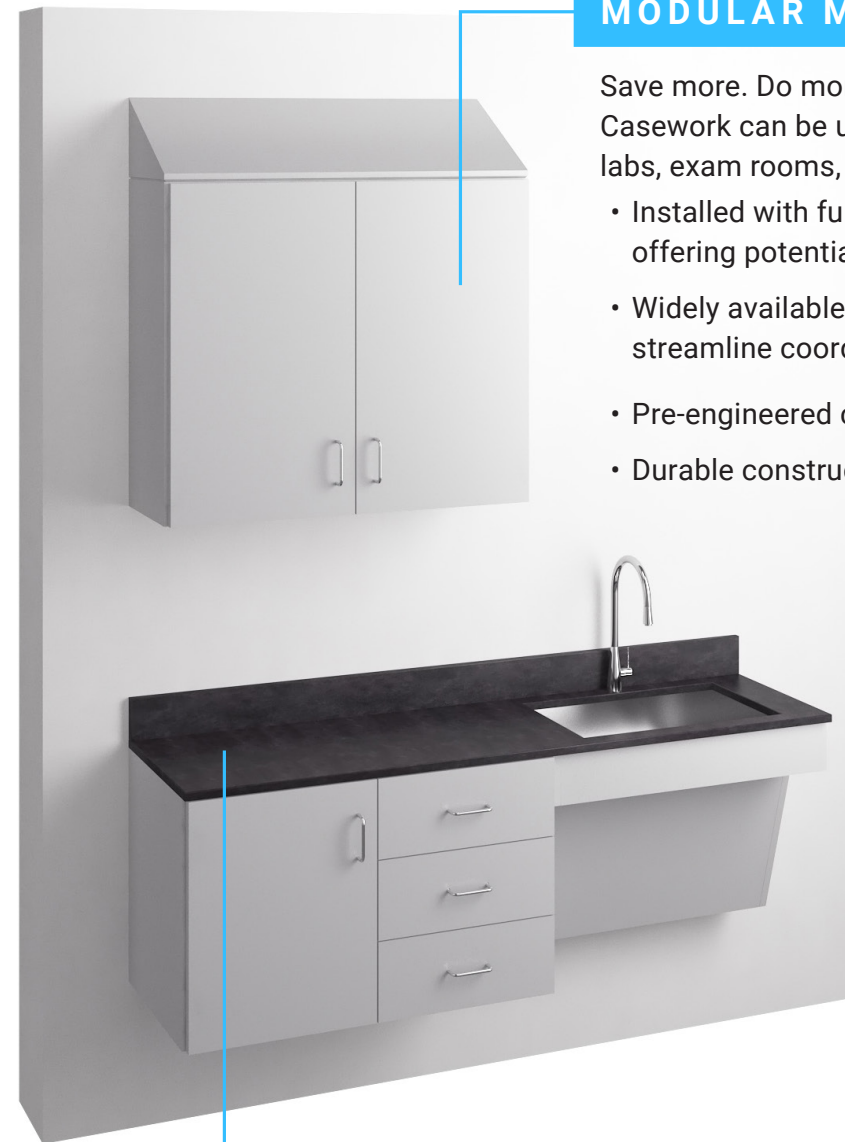

- Proven time and cost savings
- Wide range of finishes and accessories available
- Removable full-height panels means easy changes in the future so you keep heads in beds
- Turn-key service from design to project completion

MODULAR MEANS MORE

Save more. Do more. ForWard Modular Casework can be used in patient rooms, labs, exam rooms, and more.

- Installed with furniture package offering potential tax savings
- Widely available color offerings to streamline coordination of finishes
- Pre-engineered configurations
- Durable construction

SURFACE YOUR WAY

ForWard Solid Surface puts the finishing touch on your design with direct-from-manufacturer pricing, bringing your space to life for a fraction of the price.

- 100% acrylic solid surface
- Industry's most commonly specified colors
- Non-porous nature keeps bacteria from penetrating
- Integral sinks and seamless design

LET'S TALK

WHAT DIRECTION ARE YOU HEADING?
